ANSWER KEY

Module 5.1 LOW VISIBILITY DRIVING CONDITIONS

List five actions a driver can take to help make driving easier when glare is present.

- Drive slower
- Consider a different route
- Lower the visor
- Keep your auto glass clean
- Keep your headlights clean
- Turn on headlights
- Wear sunglasses
- Use common sense

List five actions a driver can take when driving in fog.

- Drive with lights on low beam
- Use windshield wiper and defroster
- Use the fog line as a guide
- Reduce speed
- Listen for traffic that can't be seen
- Do not stop on the road, pull completely off

List three actions a driver should take if trapped in a vehicle during a blizzard.

- Stay in the car unless help is visible within 100 yards
- Crack a window for ventilation
- Display a trouble sign
- Occasionally run the engine and heater to keep warm
- Try to keep the exhaust pipe cleared to avoid asphyxiation
